

Register to attend now!

Book your place online at www.icota-europe.com or by contacting icota@mearns-gill.com / 01224 646311.

| Conference – 2 days – 9th & 10th November | | | |
|--|------------------------|-------------|-------------------------|
| | SPE, ICoTA, EI Members | Non-members | Students |
| Early bird Discount – book before 14 October | £350.00 | £445.00 | £55.00 |
| Standard price after Early Bird | £400.00 | £500.00 | £55.00 |
| Pre-Conference Short Course – 8th November | | | |
| Standard Price | £140.00 | £170.00 | £25.00 (places limited) |

All costs exclude VAT. Group discounts apply. Book four or more places and receive a fifth place free. The cost includes all delegate documentation, refreshments and lunches.

Exhibition

Raise your profile and showcase your capabilities to major Operators and Service companies. Stand space is located in the high footfall catering area and you will receive free access to the Conference depending on the size of space you book as outlined below. Companies can collaborate and share stand space and costs. All costs exclude VAT.

| Stand Size | Cost | Free Delegate Places |
|------------|-----------|----------------------|
| 3m x 2m | £1,250.00 | 1 |
| 6m x 2m | £2,250.00 | 2 |
| 9m x 2m | £3,410.00 | 3 |
| 12m x 2m | £4,450.00 | 4 |

Space in the exhibition will be allocated to companies that would like to display a small banner stand and company literature for a cost of £550.00 plus VAT.

Partnership and raising your profile

Join TAQA, BP and Tenaris as official Conference partners. We also have supporting sponsorship opportunities and opportunities to sponsor the lanyards and delegate bags. Please contact icota@mearns-gill.com

SPE ICoTA 22nd European Well Intervention Conference

Extending the life of the North Sea through cost effective Well Intervention solutions

9th & 10th November 2016,
AECC, Aberdeen

Innovation and collaboration, along with cost reduction and maximising production safely, are all fundamental to the future success of our industry.

If you're engaged in well intervention, you can't afford to miss the valuable learning, training and networking opportunities provided at the largest and longest established conference of its kind in Europe.

Keynote Address

Our keynote address will be delivered by the Oil and Gas Authority and will focus on The OGA and MER UK – What does this mean for well intervention?

Pre-Conference Short Course - 8th November
Main Conference - 9th-10th November

Why should you attend the 2016 SPE ICoTA Well Intervention Conference?

1. It's the largest and longest established conference of its kind in Europe
2. Strong technical programme, CPD and SPE accredited, providing valuable learning and training opportunities
3. The audience will include representatives from the Operators and major service companies including **BP, ConocoPhillips, TAQA, Shell,**
4. The Conference is accompanied by a major exhibition of all the latest intervention tools, technologies and services available to the market
5. As a not-for-profit Conference, any surplus funds raised are reinvested to help support various initiatives and in particular, to help support our future generation of young engineers

Statoil, Schlumberger, Marathon, NOV, Halliburton, Baker Hughes, providing an excellent networking opportunity

Pre-Conference Short Course - An Introduction to Safe and Effective Well Operations - 8 November, AECC

A short course aimed at beginners, non-specialists or those just looking for a refresher, this CPD and SPE accredited course will provide a brief introduction to the construction of a well and an overview of the different intervention technologies used to safely access and maintain the well throughout the life cycle.

Delegates will gain an understanding of why and how a well is constructed and

the importance of maintaining well control throughout the drilling and completion process. Well interventions including wireline, coiled tubing and hydraulic workover will be introduced and the measure taken to ensure well control is maintained.

Speakers include George Galloway, IWCF; Stephen Moir, Elmar NOV Completion & Production Solutions and Richard Hampson, Halliburton.

SPE ICOTA CONFERENCE PROGRAMME

Day 1 - Wednesday 9th November

| | |
|-------|--|
| 08:00 | Registration - networking in exhibition hall |
| 09:00 | Welcome & Introduction Steve Cromar, SPE ICoTA Conference Chair |
| 09:10 | Keynote Address The OGA & MER UK - What does this mean for Well Intervention The Oil and Gas Authority |
| 09:35 | Driving and Sustaining Higher Activity Levels on well work BP |
| 10:00 | Riser Based ' Coiled Tubing Intervention from a monohull vessel Neil Greig, Helix WellOps |
| 10:25 | Refreshments and networking in exhibition hall |
| 10:55 | Fit for purpose Well Intervention Pressure Control (WIPC) Training & Assessment IWCF |
| 11:20 | Successful Coiled Tubing Operations from a Riserless Light Well Intervention Vessel Susana Rojas, Baker Hughes |
| 11:45 | Removing Settled Barites From a Wellbore Using an Electrically Powered Well Cleanout System Masa Brankovic, Qinterra Technologies |
| 12:10 | ICoTA Innovation Award Multi-set bridge plug technology run on E-Line enables Operators to improve efficiency and save cost in well operations Hein Andre Langaker, E Plug |
| 12:45 | Lunch, networking and poster sessions in exhibition hall |
| 13:45 | World First Use of Selective Perforating in Complex High-Temperature Well Intervention Andika Sulaiman, Total E&P UK Ltd |
| 14:10 | A verifiable technique to identify the optimum location for Subsea control line isolations and new methods to perform those isolations Marc Prickett, Intervention Rentals |
| 14:35 | A retrofit gas lift solution for wells with no traditional gas lift capability Darren Wren, Weatherford |
| 15:00 | Development and Compatibility Testing of CT with 140 ksi Yield Strength Kevin Elliot, NOV Quality Tubing |
| 15:30 | Refreshments and networking in exhibition hall |
| 15:55 | Riserless Well Intervention: Developing Local Capacity Chiwiuke Amaechi, Shell |
| 16:20 | New tubing punch technology dramatically improves circulation in highly deviated and scaled wells Norman McCrury, ALTUS Intervention |
| 16:45 | Plug and Abandonment Multi-Barrier Integrity Survey Mohammad Abshenas, TGT Oilfield Services |
| 17:10 | Close |

Day 2 - Thursday 10th November

| | |
|-------|--|
| 08:00 | Registration - networking in exhibition hall |
| 09:00 | Re-Awakening Monan Field: Making the Uneconomic Economic BP |
| 09:25 | Development and Field Use of a Vessel-Based Large Diameter CT Downline Solution for Ultra-Deepwater Pipeline Commissioning Work Alan Turner, Halliburton |
| 09:50 | Innovative spooling operation allows coiled tubing intervention to be completed Donald Kellock, Altus Intervention |
| 10:15 | Refreshments and networking in exhibition hall |
| 10:45 | Unlocking Reserves in Late Life: Operational Experience of Retrofit Through Tubing Concentric Gas Lift on the Alwyn Field Richard Innes, Total E&P UK Ltd |
| 11:10 | Retrofitting third party replacement valves without the use of existing safety valve lock profile Bjorn Bill, Interwell |
| 11:35 | New Coiled Tubing Technology and Grade for Improved General and Sour Service Radovan Rolovic, Tenaris Coiled Tubes |
| 12:00 | Lunch, networking and poster sessions in exhibition hall |
| 13:00 | Moving the Oil and Gas Sector into the Video Age: Vision Assisted Well Interventions Reduce Cost and Add Value Susan Moloney, EV |
| 13:25 | Production Enhancement in Late-Life Asset by Tractor Conveyed Logging In Sand Screen Completions Shell / Schlumberger |
| 13:50 | Sub-Surface Safety Valve (SSSV) Re-activation using Wireline Applied Stimulation Pulse Technology Michael Sutcliffe, Blue Spark Energy |
| 14:15 | Refreshments and networking in exhibition hall |
| 14:45 | Plasma-based Technique for Simplification of Well Plug & Abandonment Iain Pittman, GA Drilling |
| 15:10 | Detective Work Uncovers an Opportunity on an Ageing Field BP |
| 15:35 | Rigless P&A using intervention technologies case history Mark Oatey, ConocoPhillips |
| 16:00 | Close |
