

Conference Programme

Day 2 - Thursday 15th November

08:00	REGISTRATION - BREAKFAST & NETWORKING IN BOYD ORR EXHIBITION HALL / CONFERENCE - CROMBIE SUITE
09:00	WELCOME & INTRODUCTION - Darren Paul, SPE ICoTA Conference Chair, Shell U.K. Ltd
09:05	Oil & Gas UK Reservoir & Wells Optimisation Task Group - Laura Bennie, Oil & Gas UK
09:30	Clearing a blockage in a closed loop hydraulic system, TRSSSV control line - Keith Houghton, Shell U.K Ltd & Espen Kahler Amundsen, Ocean Team Fluidcare
09:55	Field deployments prove the versatility of carbon composite rod system - Duncan Troup, Archer
10:20	REFRESHMENTS AND NETWORKING IN BOYD ORR EXHIBITION HALL
10:50	First time deployment of 'Coil Hose' technology from a Light Weight Intervention Vessel on a subsea well to convey acid/breaker into a well with declining production - Ken Adam, TOTAL E&P UK plc
11:15	Wireline Tractor Advanced Restriction Navigation - Pierre Foucher, Schlumberger
11:40	Digital Slickline for Improved Plug and Abandonment Efficiency and Overall Reduced Operating Time - Omar Torky, Halliburton
12:05	TECHNOLOGY SHOWCASE: The Surface Intervention System - SIS - Malcolm Adam, Well-Centric Magnolia Research & Development Master-Coil Logging Tool w/ Digital 'Switch' Agitator - Stuart McLaughlin, Magnolia Research & Development Subsea well data gathering, without wires - Stephen Auld, Sonardyne International Ltd RLWI deployed eLine Stroker application for safe and secure crown plug removal in high current deep-water operations - John Gjertsen, ALTUS Intervention
12:30	LUNCH, NETWORKING IN BOYD ORR EXHIBITION HALL
13:30	GC4-04s1 Ceramic Sand Screen Installation - Vidhya Thevarayan, Shell U.K Ltd
13:55	Field Performance of New Coiled Tubing for North Sea Interventions - Bruce Reichert, Tenaris
14:20	Combined plug setting and multiple sleeve shifting eLine operation delivers a precise, highly effective and efficient world first intervention solution - Stuart Murchie, Altus Intervention
14:45	REFRESHMENTS AND NETWORKING IN BOYD ORR EXHIBITION HALL
15:15	Stimulating Mature Wells with Chemical Scale Dissolver - Fatou Sanogo & Sameh Kokash, TOTAL E&P UK
15:40	Case Study: Interventions with Bismuth and Thermite - Jeff Fulks, BiSN
16:05	The first thermite plug field trial in Europe and emerging plans for verification - Willem Boon, Spirit Energy
16:30	CLOSING REMARKS
